Psychological Testing & Assessments

Intuition Wellness Center provides assessment services to clarify strengths and weaknesses and develop a report of individualized recommendations. These include but are not limited to: Annual Wellness Screening, Attention Deficit Hyperactivity Disorder (ADHD), School Success Consultation, Cognitive and Personality Evaluations, Parent-Child Relationship Assessment, and Sensory and Motor Screenings.

After the initial client intake and prior to additional assessment, a detailed Evaluation Cost Estimate is prepared based upon the recommendations of the clinical team member. A \$500 retainer fee may be required prior to testing with the remaining balance expected when results and a final report are received.
