

Trainee Acknowledgment *Psychology Intern*

Intuition Wellness Center is a training institution committed to making high quality clinical services and programs accessible to Southern Arizona children, young adults and families. Intuition Wellness Center partners with psychology graduate programs and invites graduate student trainees to learn and serve with the clinical team.

Working with a trainee has many benefits. Clients of trainees receive a comprehensive team approach to treatment because practitioners in training receive a high level of supervision from experienced clinicians at Intuition Wellness Center as well as training and instruction from their university faculty. Trainees are well-informed of the latest research and therapy approaches. Trainees have fewer clients so as to devote more time to providing individualized care to their clients.
